

Impacts of Assimilation

Directions: Look at the different topics on the slideshow and determine where they fit in terms of how they affected Grand Ronde people and their health. Talk amongst your group and decide where each topic fits. There are no right or wrong answers as long as you can justify why you put a topic in a certain category. In some cases, a topic might fit into more than one. Be ready to share as a group and discuss with the class.

<p>-Mentally- affects the brain and the health of a person's mental state.</p>	
<p>-Spiritually- affects a person's spirit, religion, or soul.</p>	
<p>-Physically- affects a person's body or physical health.</p>	
<p>-Socially/ Emotionally- affects a person's feelings or social interactions.</p>
