**I. Income.**

- 1. *Determining Income.* Income is determined pursuant to 24 C.F.R. § 1000.10(b).
  - (a) Annual Income – Annual Income can be defined using two alternative allowable methodologies under 24 C.F.R. § 1000.10(b):
    - (i) 1040 Determination – Under 24 C.F.R. § 1000.10(b)(3), GRHD can use “Adjusted gross income as defined for purposes of reporting under Internal Revenue Service (IRS) Form 1040 series for individual Federal annual income tax purposes” to determine an applicant’s/tenant’s eligibility for NAHASDA funded programs. 1040 Determination allows GRHD to use the adjusted gross income as determined *by the applicant/tenant’s 1040 (series) form* as the Annual Income.
    - (ii) Part 5 Determination – Under 24 C.F.R. § 1000.10(b)(1), “Annual Income” is to be defined for HUD’s Section 8 programs through the method described in 24 C.F.R. Part 5, Subpart F.
      - a. Part 5 Determination requires that applicants/tenants submit verification for every source of income and for each asset. Those verification documents will be used to calculate the Annual Income.
      - b. Tribal benefits which are not specifically addressed in the above referenced determination will be treated as follows:
        - i. Tribal Per Capita Benefits will be included as income.
        - ii. Tribal Timber Benefits are excluded as income.
        - iii. Tribal SSI and Tribal Disability Income will be included as income.
        - iv. Elders’ Pension will be included as income.
  - (b) GRHD prefers, when available, to use the 1040 Determination. If documentation for 1040 Determination is not available or provided by applicant/tenant, GRHD must use Part 5 Determination. Additionally, if GRHD determines the 1040 form provided is outdated or no longer reflects the applicant’s current financial status, GRHD may use Part 5 Determination.
- 2. *Income Limits.*
  - (a) Income limits are calculated for each person size family, using the 4-Person limit as the benchmark. The 1 person limit is calculated by multiplying the 4-Person limit by 70%, the 2-Person limit is calculated by multiplying the 4-Person limit by 80%, the 3-Person

limit is calculated by multiplying the 4-Person limit by 90%, the 5-Person limit is calculated by multiplying the 4-Person limit by 108%, the 6-Person limit is calculated by multiplying the 4-Person limit by 116%, the 7-Person limit is calculated by multiplying the 4-Person limit by 124%, and the 8-Person limit is calculated by multiplying the 4-Person limit by 132%.

- (b) Annual Adjustments to Income Limits. These limits are subject to annual adjustments by (i) the ONAP with respect to NAHASDA funded programs and (ii) the DHHS for the LIHEAP program. Upon annual publication by ONAP or DHHS adjusting the income limits, those limits will automatically become effective.
- (c) Income Limits Chart. Median Family Income data computed using Dept. of Housing and Urban, Development data for Oregon for the current fiscal year and program.

3. *LIHEAP*. Income eligibility for participants in the LIHEAP program requires an income at or below the figures noted above. However, the program does offer the option of categorical eligibility for households where one (1) or more individuals are receiving—

- (a) assistance under the state program funded under part A of title IV of the Social Security Act;
- (b) supplemental security income payments under title XVI of the Social Security Act;
- (c) food stamps under the Food Stamp Act of 1977; or
- (d) payments under Section 415, 521, 541, or 542 of title 38, United States Code, or under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978.

J. **Payback Period/Useful Life**. NAHASDA requires GRHD to establish an "affordability period" for each housing unit that receives NAHASDA funds. This period is known as a useful life. GRHD will apply this requirement to all of its grant programs regardless of the grant's funding source. For funding awards \$5,000 and under, Recipient will be required to sign a repayment agreement requiring repayment if Recipient does not remain in the home for six (6) months following the date of the award. Funding awards above \$5,000 will require a recorded lien on homes to allow GRHD to recover funds for homes sold during the useful life period. If you receive a grant, you may be required to repay a portion of the funds if you sell your home within a certain timeframe after receiving the GRHD funds.

1. *Useful Life Restrictions*. GRHD and Recipient shall enter into a Useful Life/Use Restriction Agreement and such agreement shall be recorded on the subject property. The agreement will provide that if the home is sold within the useful life term, GRHD will recover amounts as set forth below:

- (a) Grants between \$5,000 - \$15,000: The Recipient must stipulate that should the home be sold within a three (3) year period from the date of the receipt of funding, the Recipient will repay GRHD a prorated portion of the award according to the following schedule:
  - (i) Home sold during **year one**: Recipient must repay **75%** of the award.

- (ii) Home sold during **year two**: Recipient must repay **50%** of the award.
      - (iii) Home sold during **year three**: Recipient must repay **25%** of the award.
    - (b) Grants that are over \$15,000: The Recipient must stipulate that should the home be sold within a five (5) year period from the date of the receipt of funding, Recipient must repay GRHD a prorated portion of the award according to the following schedule:
      - (i) Home sold during **year one**: Recipient must repay **80%** of the award.
      - (ii) Home sold during **year two**: Recipient must repay **60%** of the award.
      - (iii) Home sold during **year three**: Recipient must repay **40%** of the award.
      - (iv) Home sold during **year four**: Recipient must repay **20%** of the award.
      - (v) Home sold during **year five**: Recipient must repay **10%** of the award amount.
  - 2. *Hardship Exceptions.* To avoid lien recovery upon Recipient's sale of home within the useful life period, Recipient must provide documentation of a hardship based on external events that made the sale of the home necessary. Such circumstances might include a serious illness or death of a family member, a job layoff, marriage dissolution, or other situations that are clearly attributable to circumstances beyond the control of the Recipient.
  - 3. *Non-Owner Applicants.* Applicants who are not the owner(s) of property to benefit from grant funds must provide written consent from the property owner that (i) the work may be done and (ii) as necessary, owner will sign Useful Life restriction which would be a recorded lien against the home in accordance with Section J.1. above.
- K. **Monitoring and Reporting.** The GRHD Department Manager is responsible for the day-to-day compliance with this policy, and will provide regular reports to the appropriate Tribal official on the expenditure of program funds.
- L. **Right to Deny Participation.** Any individual who violates these rules or intentionally misuses grant program funds may be discontinued from program participation and barred from future participation.
- M. **Notice of Right to Reasonable Accommodation and Reasonable Modification.** GRHD understands and recognizes the need to facilitate reasonable accommodations and reasonable modifications to eligible and qualified individuals with disabilities, such as a change in GRHD's policies, practices, or services, which are necessary for an individual with a disability to benefit from or participate in GRHD's rental assistance or housing services programs. For more information including instructions on filing for a Reasonable Accommodation or Reasonable Modification, please review GRHD's Reasonable Accommodation and Reasonable Modification Policy available at <http://www.grandronde.org/departments/housing/>, GRHD's office or by

2. Prior to final approval of a grant application for a grant amount over \$500, GRHD will direct an independent evaluation of the applicant's home to establish a reasonable cost for the project and to certify that the funded project is consistent with the program requirements. Following project completion and prior to final payment, GRHD will direct a post-work inspection to certify the work is satisfactory and has been completed in accordance with the scope of work.
3. Grants outside local administration of GRHD: GRHD will consider requests for grants outside the local administration area in the event applicant and GRHD are able to develop an acceptable plan for administering the grant, which at a minimum identifies the ability of an applicant to provide proof of completion and proof that the requirements of Section II.B.2. above are met.

2. Grants within local administration of GRHD: Prior to final approval of a grant application for a grant amount over \$500, GRHD will direct an independent evaluation of the applicant's home to establish a reasonable cost for the project and to certify that the funded project is consistent with the program requirements. Following project completion and prior to final payment, GRHD will direct a post-work inspection to certify the work is satisfactory and has been completed in accordance with the scope of work.
3. Grants outside local administration of GRHD: GRHD will consider requests for grants outside the local administration area in the event applicant and GRHD are able to develop an acceptable plan for administering the grant, which at a minimum identifies the ability of an applicant to provide proof of completion and proof that the requirements of Section III.B.2. above are met.

- (d) An applicant can purchase a home which is a new construction prior to construction of that home under this program only if the applicant will be using a construction-to-permanent financing program wherein there is only one (1) closing and the construction loan automatically converts to a permanent long-term mortgage upon completion of the construction.

There will be no “waiting list” for this program other than if annual funds are fully expended prior to the end of the program year; in such case, any transactions that are approved by GRHD will be processed in order of readiness at the beginning of the following program year.
4. The home purchase transaction must be approved by GRHD, and will be subject to receipt of copies of acceptable current title report, purchase agreement, property inspection and appraisal reports, and other information required by GRHD. If the sale is a FDIC mortgage, GRHD will defer to the property inspection, title review and appraisal of the lender.
